- Up to 15 cups p/s per lane
- Up to 25 rollers p/s per lane
- Cup and roller trolleys
- Gentle discharge with curtains
- Automatic control of the exits

**“WE REDUCED OUR SEASON BY 3 MONTHS, SENDING
THE DATES TO THE MARKET SOONER.”**

- EITAN MOR | BET HAARAVA | ISRAEL

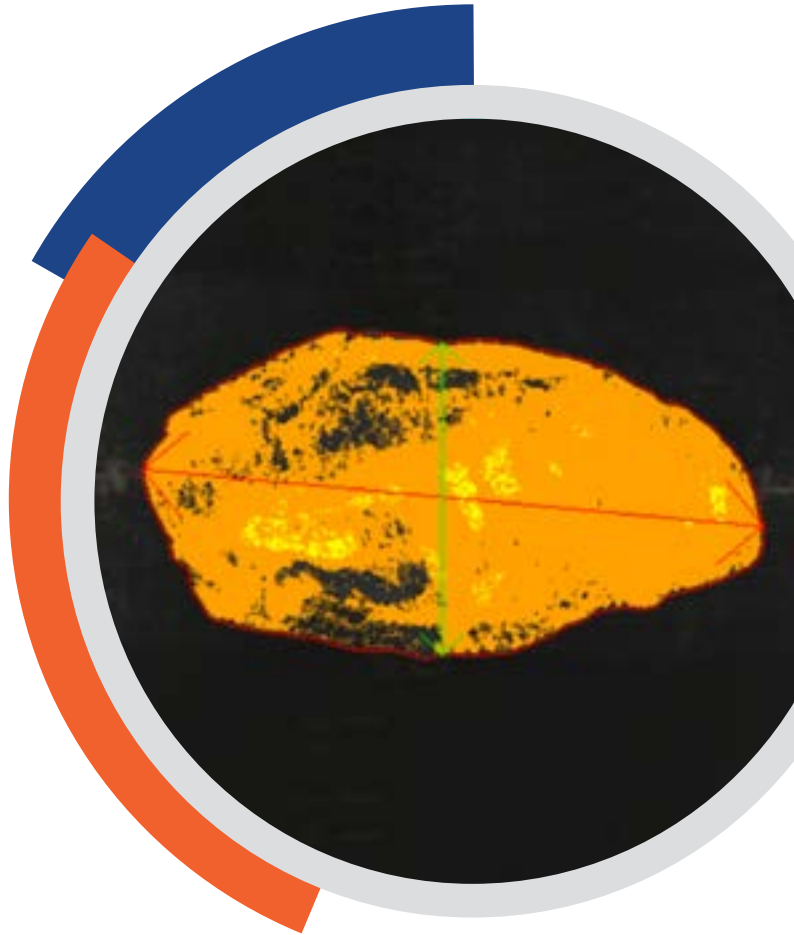

NEXT LEVEL GRADING

The GranTorino is equipped with the latest Ellips grading technology. We use HD+ multispectral cameras (3.2 megapixel) to take 20 different images per date. This results in near-perfect size (submillimeter) and color separation and highly accurate sorting on defects.

With our light transmittance technology you are even able to grade on internal characteristics of the date.

TRUESORT™ SOFTWARE

Ellips TrueSort™ software lays at the heart of each Elisam sorting line. It can interface seamlessly with your packhouse management system. With our user friendly software you can fine tune your sorting process to deliver consistent quality and get premium prices for your products.

3.2 MEGAPIXEL
MULTISPECTRAL
CAMERAS

EXTERNAL

- Loose skin
- Calix
- Doubles
- Yellow cap
